The second Bear Trace course to open, Harrison Bay is destined to become a true classic in this collection designed by Jack Nicklaus. Located approximately 20 minutes north of downtown Chattanooga, the Bear Trace at Harrison Bay is surrounded by both water and heavily-wooded land, making an ideal setting for the course. Referred to as "the best natural piece of land for a golf course," the Bear Trace at Harrison Bay features Champion Bermuda greens and 419 Bermuda fairways lined with soaring pine and hardwood trees. Although water touches 12 fairways, there is more than sufficient room to play safely. Most greens are open in front, which makes the course more user-friendly for high-handicap players and allows run-up shots. Fairway and green side bunkers are designed in the traditional Nicklaus fashion and add notable character to the overall integrity of the course. Like other courses in the collection, the emphasis on playability is clearly evident. The Bear Trace at Harrison Bay stretches from 7,111 yards (gold tees) to just under 5,300 yards (red tees).
