Paris Landing State Park
This 1,126-acre park is located on the western shore of the Tennessee River which is dammed to form Kentucky Lake (160,000 acres). The park sits on the widest part of the lake (three miles wide) and is the perfect location for all water sports such as fishing, boating, swimming and skiing. On land, there is plenty of activity with golfing, hiking, camping or just relaxing and enjoying the natural beauty and wildlife. Be on the lookout for deer, turkey, fox and coyote which roam the park. Eagles are often seen in the winter months.

Historical Significance
Paris Landing State Park was named after an old steamboat and freight landing on the Tennessee River. In the 1800s, the river landing was an important spot for the delivery of goods to serve the settlements of the region and an important shipping point for produce and other agricultural products. The site has long afforded good access along the river, and became a state park in 1945.

Swimming
The park has an Olympic-size public swimming pool with lifeguards on duty. The pool is open from Memorial Day to the first week of August. There is also a public swimming area on the Kentucky Lake shore.

Camping
The campground is open year-round. It has 45 sites with water and 30-amp electric, and 18 primitive campsites. There are two bathhouses (one open year-round), a dump station, camp store and laundry open seasonally. Campsites can accommodate RV’s up to 38 feet in length. All pets must be kept on a leash. Reservations may be made online or by calling the park.

Golf
Paris Landing State Park Golf Course is situated on the western shore of Kentucky Lake. The entire course is tree-lined, creating a feeling that you are the only one on the course, very rarely seeing another foursome. Several holes skirt the Kentucky Lake, producing a natural balance of rolling land, trees, and water. The park pro shop provides golfing supplies, lessons, rental clubs and carts. Golf packages are available. The pro shop snack bar is open (March-October) for breakfast and lunch.

Cabins
The park features 10 three-bedroom, two-bath standard cabins, each furnished to sleep up to 10 people. Cabins are fully equipped for housekeeping with linens, cooking and serving utensils, appliances, microwave, gas-log fireplace, telephone and cable TV. Cabins have a minimum two-night stay requirement.
