The Bear Trace at Cumberland Mountain State Park was named “One of the Top Ten You Can Play in North America” by Golf Magazine. In 1999, the Bear Trace at Cumberland Mountain State Park was named the #1 Public Course in Tennessee and the course has been named by GOLFWEEK Magazine as the #1 Public Course in Tennessee for 2012 and for 2013. Today, The Bear Trace at Cumberland Mountain is one of the most sought-after sites among the Jack Nicklaus designed courses in Tennessee. The 6,900-yard (gold tees), par 72 course is destined to become a true classic in this collection of Jack Nicklaus designed courses in Tennessee. The second Bear Trace course to open, Harrison Bay is surrounded by water and heavily-wooded land, making an ideal setting for the course. Referred to as “the best natural place of land for a golf course,” the course features Champion Bermuda greens and 419 Bermuda fairways. The opening holes are a blend of link-style creations that gently roll across former pasture land, then gradually transition to wooded sites dominated by giant oak trees. In all, the Tim’s Ford reservoir is visible from some holes on the course and comes into play on several of the 18 holes, creating an excellent balance of challenge and playability. Situated on a peninsula overlooking picturesque Tim’s Ford Lake, this visually compelling golf course has been described by one national publication as a “glittering newcomer…an intriguing 6,764 yard layout (gold tees) with several different looks.” On Site Amenities: Driving Range, Practice Greens, Pull Carts, On Site Lodging, Snack Bar, and Club Rental. Lessons are available.
